

# A BRIEF BIT OF NEWS FROM YOUR CREDIT UNION

## www.geaugacreditunion.com

In an ongoing effort to save money, we will begin to publish "A Brief Bit Of News" only 2 times per year, June 30 and December 31. Please visit our website often for any new information or special promotions that we may have. On the main page of the website, look for a column on the left. This is where you will find links to current promotions and important information that may pertain to you. We make every effort to keep this information updated and timely.

### Funds Availability

Recently, due to increased fraudulent check activity, we have had to institute a funds hold policy that is more strict than in the past. We reserve the right to place an extended hold on any check over \$2500.00. Our general policy has always been to allow you to withdraw funds deposited in your account on the same business day we receive your deposit. In some cases, we will now be delaying your ability to withdraw funds in accordance with Federal Reserve Regulation CC. Please go to our website [www.geaugacreditunion.com](http://www.geaugacreditunion.com) and click on the Funds Availability link in the left hand column for a detailed explanation. If you cannot access our website, we will be happy to mail you a copy of our Funds Availability Policy upon your request.

### Why can't I get through on the VRU?

There are times that you may not be able to access our Voice Response Unit. Each weekday we must take the system down for a minimum of 1/2 hour after we close. This is required for us to back up our computer system. The VRU will usually be turned off for several hours on the last business day of each month for us to back up month end files and process our monthly statements. We know that this may cause an inconvenience to some of our members; however, it is a necessary part of our operation. Thank you for your understanding.

### Amusement Park Tickets are available for purchase at a discounted price at Geauga Credit Union.
